We're OFFICIAL

Please "like" us – apparently that's important.

We need your HELP

Short term our very important objective is get rid of the current Sunland development proposal for Mariners Cove on The Spit, and our committee is working very hard to achieve this. But, we need help in the following areas:

- Legal Advice, particularly in the area of Administrative Law
- Research, we need people who will find out things – fact not fiction
- Social Media, we need a person to help us interact with our community and get the most out of our communications by linking the Web Page, Face Book, Twitter, You Tube, etc. together for the benefit of all of us.

We need MEMBERS

Currently we have 162 paid up members, which is good after only 5 weeks but we need more to give us maximum political credibility. Please help in whatever way you can.

2016 City Plan

Attached is an article on something that is concerning all of us.. Strongly suggest you open it and have a read.

Sincerely,
The Main Beach Association Inc.
